

## Are You Blue and Worried?

Nervous? Some of the time really ill? Catch cold easily and frequently suffer from biliousness or headache? The reason is that your system does not rid itself of the poisons in the blood; just as impossible as it is for the grate of a stove to rid itself of cinders. The waste does to us exactly what the cinders do to the stove; make the fire burn low until enough cinders have accumulated and then prevent its burning at all. Your liver is sluggish—you are dull and heavy—sleep does not rest, nor is food appetizing. In this condition illness develops. Doctor Pierce's Golden Medical Discovery eradicates the poisons from the body—a glyceric alterative extract made from bloodroot, golden seal and mandrake root, stone and queen's root, without the use of alcohol. No matter how strong the constitution the stomach is apt to be "out of kilter" at times; in consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood.

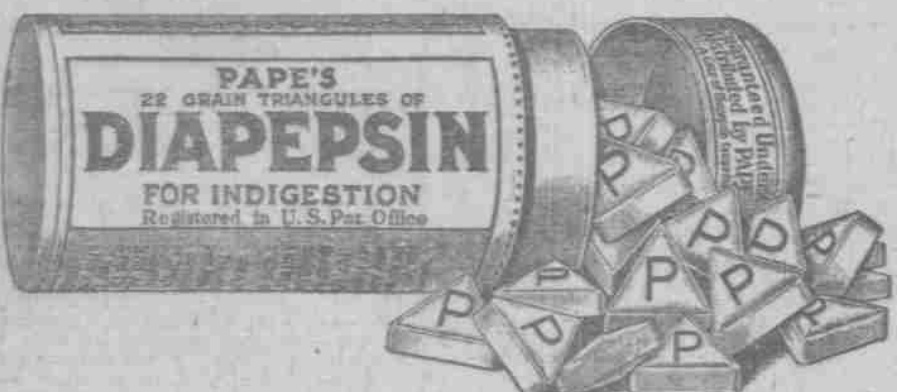

Mrs. Bess Blake, of Fort Worth, Ont. Box 36, writes: "I have been a great sufferer for years from throat trouble, catarrh, indigestion, female troubles, biliousness and nervousness—at times I would be in bed, then I would be up again. Was under many different doctors' care, and would get better for a little while, then I would go down with chronic inflammation all through me. For sixteen years I had this point in my blood. After trying nearly everything I got worse. I read in the People's Common Sense Medical Adviser of Dr. Pierce's Golden Medical Discovery and Dr. Sage's Catarrh Remedy. I have taken the 'Golden Medical Discovery' and 'Pleasant Pellets,' and have used five bottles of Dr. Sage's Catarrh Remedy. I am now able to do my work and walk with pleasure. I feel like a new woman. I enjoy everything around me and thank God for letting me live long enough to find something that made me well again."

Dr. Pierce's Pleasant Pellets regulate liver and bowels.

## SURELY OVERCOMES INDIGESTION OR DYSPEPSIA IN A FEW MOMENTS.

Eat a few of these and all Sourness, Heartburn, and misery from a sick, upset Stomach will vanish.

Time it! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eructations of undigested food, no dizziness, bloating, foul breath or headache. Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain remedy in the whole world and besides it is harmless. Millions of men and women now eat their favorite foods without fear—they know now it is needless to have a bad stomach. Please, for your sake, get a large fifty-cent case of Pape's Diapepsin from any drug store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and digest it; enjoy it, without dread of rebellion in the stomach. Diapepsin belongs in your home anyway. It should be kept handy, should one of the family eat something which doesn't agree with them or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement at daytime or during the night it is there to give the quickest, surest relief known.

## A LITTLE DANDERINE WILL MAKE YOUR HAIR LUSTROUS, SOFT, FLUFFY, ABUNDANT

Get a 25 Cent Bottle Now and Forever Stop Falling Hair, Itching Scalp and Dandruff

If you Wish to Double the Beauty of your Hair in Ten Minutes surely Try a Danderine Hair Cleanser

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanser. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits particularly those who have been careless, whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair. Try as you will, after one application of Danderine you cannot find any dandruff or a loose or falling hair, and your scalp will never itch, but what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yet—really new hair sprouting all over the scalp. Danderine makes the hair grow long, heavy and lustrous and we can prove it. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

## FARMING ROSWELL FARMERS PLAN IMPROVEMENT

New Development Company Forms; Orchards Planted; Sales Made.

Roswell, N. M., Jan. 25.—The latest development in Roswell is the plan of 10 young men in Roswell to buy a 100-acre tract of low land and put it in orchards. The promoters are Leonard McKee, who is pushing the plan, and already have sufficient encouragement to assure its success. Each of the 10 young men going into the organization will be incorporated, but be governed by the body itself, with a trustee or manager to take charge of the details.

Wallace W. King, proprietor of the City Shoeing shop, has traded his residence at 400 South Main street for a piece of land, the company will not be incorporated, but be governed by the body itself, with a trustee or manager to take charge of the details.

Exactly \$100,000 in deposits is the Roswell Development Company bank at the close of last month, but the company is not yet organized.

Albert Hawkins, of Kenia, was in Roswell with a load of brooms he had made at home, from broom corn raised on his dry land. The company is not yet organized, but the company is not yet organized.

R. O. Walters has traded his 164-acre highly developed farm five miles south-east of the city to August Brandes for the Wells flats on South Main street and the old Independent Hardware building adjoining the flats. The deal involved \$66,500. The Walters farm has 12 acres of orchard, the balance in alfalfa. It was an even trade. Brandes lives in Manila, Ill., and will lease the farm out.

Dr. H. H. Keith, who recently purchased the Branch farm, near Dexter, will have experienced orchardists in charge of the place. The doctor moved here from Topeka, Kas., six months ago and has bought \$135,000 worth of valley property in that time.

The Berendo Irrigated Farms company has begun the work of setting out 25,000 apple trees on its tract adjoining the city of Roswell. The company is not yet organized, but the company is not yet organized.

Another big alfalfa ranch near Roswell is to be sold. W. G. Hamilton goes east soon to lay the proposition before capitalists at something like \$500,000. There are 2500 acres of land, nine arable wells, 1000 acres of alfalfa, 1000 gallons per hour in all, 1000 acres of alfalfa which yielded an income of \$40,000 last year, 500 acres of bearing orchard from which \$75,000 was realized last year, \$10,000 in buildings, \$10,000 in fences, 40 miles of irrigating ditches, and 25 acres of timber. Eastern investment, the ranch money to carry on their manufacturing business and reverse has made it impossible to meet the obligations. Threatened foreclosure is compelling a sale of the ranch.

## ARTESIA FARMERS DYNAMITE STUMPS

Artesia, N. M., Jan. 25.—About 200 persons congregated at Prime Henry's ranch southeast of Artesia to witness demonstrations with dynamite. Stumps a foot in diameter were blown up with a foot to three sticks of dynamite at an expense of from 25 to 34 cents each. A ditch was excavated 20 feet long, 14 feet wide and three feet deep with dynamite placed in holes two feet apart, from 3 to 10 pieces of dynamite placed in each hole, the cost of the ditch being from 50 to 60 cents per lineal foot. Holes were excavated for the planting of trees at a cost of about 11 cents per hole. The use to which dynamite can be put was a revelation to most of those present.

## FARMERS ACTIVE ON LAND AT WILLCOX

Willcox, Ariz., Jan. 25.—Reports from Ash and Oak creeks north of Willcox are that the recent heavy snows have put lands in fine shape and that much plowing and sowing of wheat and oats is now in progress. A number of new settlers have come into that locality and several new houses are just finished. W. H. Morgan has erected a new wind mill on his place within the last week. J. B. Turner and Marion Poff have recently purchased 400 head of cows from the Mesa valley and M. L. Morgan has just returned from California with a bunch of fine Jersey cows, so this neighborhood is beginning 1912 with efforts along many lines of development.

## WHEAT IS PLANTED IN FRONTIERA SECTION

Douglas, Ariz., Jan. 25.—More than 2000 hectares of land have been broken in preparation for wheat planting in the vicinity of Frontiera. This is almost 1000 more than the amount of ground under cultivation with this crop last year. The greater part of the wheat crop is made into flour at the mill of Lillywhite Bros. in Frontiera.

## "ON I WENT ITCHING AND SCRATCHING"

"I Tried Many Things but All Failed. 6 Years I Suffered with Eczema Before I Tried Cuticura Soap and Ointment and Was Cured."

Hackburg, Ala.—"I have always taken pleasure in recommending Cuticura Remedies to any one bothered with this troublesome disease—eczema. It was on my arms and neck, up close to my hair. I tried many things that were recommended for eczema; but all failed. So on and on I went, itching and scratching, until I saw in a paper where a lady recommended the Cuticura Remedies for eczema.

I got some Cuticura Soap, Cuticura Ointment and Cuticura Pills. I used the Cuticura Ointment and Soap three times a day, bathing the affected parts with hot water and Cuticura Soap. After eighteen months I was much better, so I kept on bathing with Cuticura Soap and hot water. Whenever it commenced itching I would apply the hot water and Cuticura Soap at once and then the Cuticura Ointment, as they seemed to do so much good. In all I think it was six years that I suffered with eczema before I tried Cuticura Soap and Ointment and was cured. It never came back and I have been well nearly a year now." (Signed) Mrs. Jane McDougal, Nov. 22, 1911.

## HOW TO TREAT PIMPLES

Web Cuticura Soap and Cuticura Ointment. Gently smear the affected parts with Cuticura Ointment, on the end of the finger, but do not rub. Wash off the Cuticura Ointment in five minutes with Cuticura Soap and hot water and continue bathing for some minutes. The treatment is best on itchy and red skin. At other times use Cuticura Soap freely for the toilet and bath, to prevent inflammation, irritation and clogging of the pores. Cuticura Soap and Ointment sold everywhere. Sample of each free by mail. Address: "Cuticura," Dept. T, Boston. Tender-faced men should use Cuticura Soap Shaving Silk.

## FARMING MELROSE FARMERS WANT BEET FACTORY

Some Will Feed Pulp to Their Cattle After Sugar Is Made.

Melrose, N. M., Jan. 25.—In the shallow water belts the farmers are signing up for the beet factory and the deeper belts they are picking up cows and separators and preparing to utilize the beet pulp, intending that, with the sugar, they will make a good income. One man has just reported 20 contracts, or 1000 acres as the result of his work in one neighborhood, soliciting for the proposed sugar factory.

In the other direction an enthusiastic meeting in the House neighborhood resulted in starting the work on 1200, acres with that many more in sight. Here at Melrose new contracts are being signed up daily.

The beginning of a great industry is thereby assured to the shallow water belts about this place. In addition to this more and more of the farmers are awakening to the lesson of western Kansas where the farmers have learned they can live from the creamery returns and have their crops for the savings banks.

## BOWIE FARMERS TO HAVE INSTITUTE FRIDAY

Bowie, Ariz., Jan. 25.—A farmers' institute will be held at Bowie on Friday afternoon and evening, under direction of the Arizona experimental station and the university of Arizona at Tucson. The institute is the first of the kind in the San Simon valley. Subjects discussed will be intensive farming of alfalfa by Prof. R. H. Forbes, dry farming by Prof. R. W. Clothier, both of the university of Arizona; pumping and irrigation will also be subjects.

## BEETS ASSURED FOR PORTALES SUGAR PLANT

Portales, N. M., Jan. 25.—The promoters of the sugar factory have secured a large acreage for beets and expect to have the required amount by the latter part of this week, and will leave for Topeka, Kas., to complete the necessary arrangements for installing the factory.

Charles M. Martin has sold 40 acres of land owned by him and Wm. C. Jones to O. A. Wilkinson, of Kansas. This land is under the irrigation project and Mr. Wilkinson expects to put in an irrigated farm.

## BIG PROFIT FROM A PLAINVIEW DRY FARM

Plainview, Tex., Jan. 25.—W. M. Bryson, whose 250-acre farm is near Plainview, switched six miles northwest of Plainview, netted \$2000 this year on his place, this being 50 percent profit on the money invested in the farm. His crop consisted of oats, kaffir, maize and sorghum. No irrigation was used.

Remember, when considering the installation of an irrigation pumping plant, that efficiency and durability are what count. Goulds centrifugal pumps and Witte gasoline engines stand for low fuel cost, profit and absolute reliability. Full information gladly furnished by H. A. Carpenter & Bro., El Paso, Tex.

## FARMING LA TUNA FARMER PLANS WAREHOUSE

The Santa Fe Railroad Will Build New Trackage at That Place.

La Tuna, Tex., Jan. 25.—R. E. Bowden, secretary of the South New Mexico Farmers' association, and manager of their warehouse here, has resigned to go into the stock and warehouse business. At a directors' meeting to be held at their office in La Tuna Feb. 3, Mr. Bowden's successor will be appointed.

George Bowden, of Minerva, O., is here to superintend the construction of a new warehouse for a brick and concrete structure 300 feet long. Work on this is being held up on account of an unlooked for delay on the part of the railroad company, it being unable to give a lease suitable for a warehouse site, advice from headquarters at Topeka being to the effect that the Santa Fe is going to erect its present sidetrack here for a passing track and build new sidetracks for warehouse and other purposes.

P. O. Beik is also ready to begin work on a big hay storage barn as soon as a suitable site near the loading tracks can be bought or leased. The barn is to be built during the past season, the good prospects for an increased production are giving great impetus to the hay business. The price now is \$18.50 a ton. A movement is on foot for a big alfalfa mill here or in this vicinity.

D. B. Smith, one of the biggest raisers, says that he has made plans to put in a mill himself on his ranch unless a community mill is opened in the near future.

Since the completion of the old Fort Bliss viaduct the 20-mile stretch of macadam road, the old Santa Fe trail from El Paso to the state line north has become a favorite speedway.

F. Maybill, from Mayhill, Otero county, is visiting his mother and father here.

Judge Parker was a visitor to his ranch this week preparing to put in more alfalfa.

Antonio Flores, having become entirely blind, was taken to an El Paso hospital where he will have an operation performed.

## BIG CROPS SENT OUT OF PLAINVIEW Cantaloupes, Cotton, Milo Maize and Other Products Produce Largely.

Plainview, Texas, Jan. 25.—A summary of the crops figures for 1911 shows that the plains country, at least the Plainview portion, has succeeded in putting a stop to empty crop leaving and the section as they did in the regime of the cowboy.

Twelve hundred cars loaded with the fruits of the farm and ranch went out of Plainview during 1911, and there are several other shipping points in Hale county. This does not include continuous and heavy shipment by express of butter, eggs, cream, cantaloupes, poultry, fruit and such products in their various seasons.

Over 200 cars of alfalfa were shipped, mainly to other points in Texas. At least 1000 bales of cotton will be ginned at Plainview, 500 having already been turned out. In 1910 there were only 500 acres of cotton in the county and one gin.

Several hundred cars of thrashed kaffir and maize have gone out, and threshing on these crops is just now on in earnest.

The highest priced truck cars that have gone out were the local variety, containing Plainview's irrigated cantaloupe crop last summer.

One Plainview firm shipped 21 cars of melons, each car bringing over \$1000.

## VALENTINE ORCHARDS ARE SOON TO BE PLANTED

Valentine, Tex., Jan. 25.—The farmers throughout the valley are busy getting grounds in readiness for the planting of orchards. It is generally estimated that more than 3000 fruit trees will be planted in this vicinity.

Many are further preparing to beautify their homes and surroundings by planting bluegrass lawns, shade trees, ornamental shrubs and flower gardens.

## PUTTING DOWN NEW WELLS IN THE PLAINVIEW REGION.

Plainview, Texas, Jan. 25.—The G. E. Green Machinery company, of Plainview, begins today on the first of a series of 10 pumping plants for irrigation on the E. M. Perry lands 15 miles south of the town. The wells are to be equipped with pumps that will yield approximately 1500 gallons per minute.

## BIG SPRING FARMERS TO DISCUSS COTTON

Big Spring, Tex., Jan. 25.—A mass meeting of the farmers and stock men of Howard county will be held in Big Spring for the purpose of considering the matter of reducing the cotton acreage in Howard county this year.

## DAILY RECORD

Building Permits. To the Phoenix-El Paso Building company, to build brick residence on lot 22, block 15, East El Paso, estimated cost, \$2400.

Deaths—W. F. Buchanan to M. A. Goff and M. Hattie N. Robinson, consideration, \$1000, section 12, block 2, public school lands, 740 acres. San Jose, Texas—Guspar Glon and wife to Eligio Donago, consideration \$400, two tracts of land.

King's Highway between Alabama and Louisiana avenues—Military Heights Land company to G. B. Goya, lots 1, 4, 5 and 6, block 24, Military Heights, consideration \$10. San Diego street, between Kentucky and Alabama avenues—Mrs. Mollie Cook to G. F. Walker, consideration \$1000, lots 11 and 12, block 24, Highland Park.

Kaiser street, between Tenth and Eleventh streets—Santiago Alvarado and Juan Del Rio de Alvarado to Casimiro Salcido and Dolores Yanes, consideration \$100, lot 1, block 25, Campbell's addition.

Madera street, between Luna and Grama streets—A. Y. Swearingen to H. Austin and T. L. Marr, consideration \$100, lot 14 and one-half of lot 15, block 59, East El Paso Town company's addition.

Hayner street—J. Z. Helm and wife to Daniel R. Steadham, \$500, lot 14 and one-half of lot 15, block 102, East El Paso.

267 Paso Commercial company to Chas. Betsenberger, \$400, lot 5 and one-half of lot 6, block 29.

Consented to Wed. Evarardo M. Frine and Concepcion Solis.

H. Hernandez and Juana Terrazas.

## CATHEDRAL FOR EL MAIDA SHRINE

Plans Are Received For the Cathedral to Be Built Here.

Blue prints of the new Scottish Rite Cathedral, to be built on the lots owned by the rite, at the intersection of Union avenue, Santa Fe street and Missouri street, are now in possession of the Masonic body, and are on exhibition in the Scottish Rite club rooms.

The blue prints show only the ground plan of the first floor of the big cathedral, which will be erected as soon as the plans can be drawn and the contracts let. The Masonic temple sale has been completed and it is necessary for the Masons to move as soon as possible.

The Scottish rite has had a building association and committee for a number of years and the plans for financing the big cathedral have all been completed. The blue prints show the first floor plan to include a big theater and auditorium, measuring 60 by 40 feet with a stage 25 feet wide, the upper floor will be 20 stories high, with a mezzanine floor, and three sides, and will be used for the conferring of degrees and also for all public and lodge entertainments.

The main entrance is to be on Santa Fe street and will be arranged with a large foyer, and a heavy stairway of marble, to the first floor level. The auditorium will be to the right of the main entrance and Scottish Rite club rooms in the rear of this office. These rooms will include a billiard room, smoking room and toilets. A library is also to be connected to the club rooms. A corridor runs the full length of the building, from Missouri street to Union avenue, in order that the theater entrance and Scottish Rite entrance either from the Santa Fe street front or by way of the corridor. The stage will have dressing rooms and wash rooms in connection with it, and will be equipped with a complete set of scenery for the presentation of the impressive Scottish Rite degrees.

The second floor will be devoted to lodge rooms, offices and retiring rooms for the use of the members and the various subordinate lodges. The exterior design of the building has not yet been decided upon, but will either be of Moorish style or strictly classical design.

## TRANSFER OF THE CANAL APPROVED

Water Users Have a Deficit, Election to Be Held Soon.

The transfer of the Franklin canal to the government by the Water Users' association was approved at a meeting of the association at the chamber of commerce Wednesday night. The original price of \$120,000 was the sum which the members decided upon for the transfer of the canal to the government.

The report of the association, which covers a period of seven years of activity, was presented to the members present and this, too, was approved. The association will give an additional 50 days to the members to pay their assessments, and will pay the \$6000 deficit of the association.

An election of a new board of governors of the association will be held. It was decided, as soon as the demand is made for it by members representing 5000 hours of the association, after their demand is made the election will be held any time within 30 days.

## How to Make Better Cough Syrup than You Can Buy

A Family Supply, Saving \$2 and Fully Guaranteed.

A full pint of rough syrup—as much as you could buy for \$2.50—can easily be made at home. You will find nothing that takes hold of an obstinate cough more quickly, usually ending it inside of 24 hours. Excellent, too, for croup, whooping cough, sore lungs, asthma, hoarseness and other throat troubles.

Mix one pint of granulated sugar with 1 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents worth) in a pint bottle, then add the Sugar Syrup. It is now perfect. Take a teaspoonful every one, two or three hours.

This is just laxative enough to help cure a cough. Also stimulates the appetite, which is usually upset by a cough. The taste is pleasant.

The effect of pine and sugar syrup on the inflamed membranes is well known. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in quinine, and at the same time healing pine elements. Other preparations will not work in this formula.

The Pinex and Sugar Syrup recipe is now used by thousands of housewives throughout the United States and Canada. The plan has been imitated, but the old successful formula has never been equalled.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., El Paso, Tex.

## "Got My Sore Foot in It Right!—TIZ"

"A TIZ Bath. My Boy, a TIZ Bath! You Can't Heat It for Sore Feet, Corns and Bunions!" No. He is a joy-walker—one who uses TIZ, and gets from the feet a happiness one never felt before.

"Sure! I Use TIZ Every Time for Any Foot Trouble."

When your feet are so tired they feel like stumps, when they ache so that they hurt way up to your heart, when you shuffle your feet along and it seems as though all the misery you ever had had settled in your feet, look at the happy TIZ man in the picture.

You can be happy-footed just the same. If you have corns and bunions that everybody seems to step on, just think of this happy TIZ man. He had corns and bunions, too. This man used TIZ, and now he has no more tender, raw, chafed, blistered, swollen, tired, sore feet, corns, callouses or bunions.

As soon as you put your feet in a TIZ bath, you feel the happiness soaking in. It's like mountains of bliss to lungs. Nothing else but TIZ can give you this happy foot feeling. Don't accept any substitutes.

TIZ, 25 cents a box, sold everywhere, or sent direct, on receipt of price, by Waterbury-Lodge & Co., Chicago, Ill. Recommended by all drug stores, department and general stores.

## Make Your Friends and Yourself Happy

## Critical Condition

## How To Get Well

Women who suffer from womanly ailments, often give way to despair. After trying different medicines in vain, they lose heart and hope.

No friend in need could be more welcome to a sick, delicate woman, than a remedy which will relieve her pains and distress, build up her strength, and restore her failing health.
